

ZIP

It works with a baguette or a roll

Fast, convenient and efficient. It will help you improve your snack-bar business.

ZIP

Adjustments

The three settings make it possible to adapt to scores of products and slice either completely or partially.

Versatility

Adapts to a wide variety of products: baguette, roll, cake, etc.

Safety

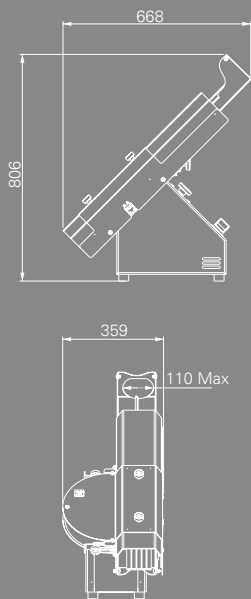

Stainless steel flaps shield the blade.

Power, speed

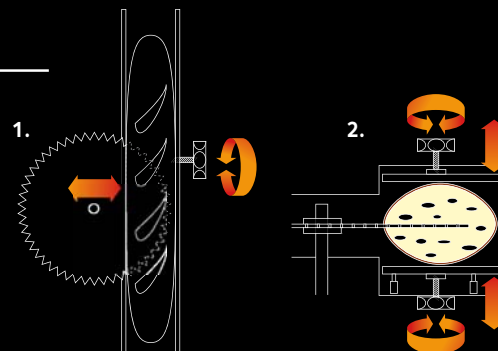

The circular (easy to replace) blade slices with accuracy up to 2,000 products per hour.

DIMENSIONS (mm)

ADJUSTABLE SLICING HEIGHT AND DEPTH

1. Possibility of adjusting the blade to the baguette width.
2. Possibility of adjusting the blade to the thickness of the baguette and to the desired slice.
